### **17.6 Public-Private Partnerships (P3)**

The County may solicit proposals or accept unsolicited proposals for public-private partnerships in accordance with Section 255.065, Florida Statutes, in accordance with the following:

#### **A. Solicited Proposals**

1. Solicited proposals shall be submitted in the format indicated in the solicitation.
2. Prior to the formal solicitation of a qualifying project, the proposed solicitation shall be approved by the Board in accordance with the Purchasing Manual. Staff shall present a detailed outline of the proposed qualifying project, the anticipated solicitation process, the project schedule, and the public interest anticipated to be addressed by the Public-Private Partnership Agreement.
3. The final form of any Comprehensive Agreement shall be submitted to Board of County Commissioners for its review and approval at a public meeting.

#### **B. Unsolicited Proposals**

1. A private entity submitting an unsolicited proposal shall precisely identify, as much as is practicable, all facilities, buildings, infrastructure, and improvements included in the unsolicited proposal. Martin County encourages private entities to incorporate innovative financing methods in their unsolicited proposal, such as facility use fees or other forms of payments, which may complement or substitute payments from the County.
2. All unsolicited proposal submissions must include an original hard copy of the proposal, an electronic copy (searchable PDF file format) on a flash drive or other similar electronic media, and the application fee. Unsolicited proposals may be hand-delivered, sent via U.S. Postal Mail, or sent via Express Mail to the Martin County Board of County Commissioners, Attn: Purchasing Division, 2401 SE Monterey Road, Stuart, FL 34996-3397
3. The application fee for an unsolicited proposal is \$25,000, which must be paid by cashier's check, certified check or money order payable to the Martin County Board of County Commissioners. The County may request additional fees to cover the cost of review. If the County, in its sole discretion, elects not to evaluate the unsolicited proposal, the application fee will be returned to the proposer.
4. The County may request written clarifications for any unsolicited proposal submission, which must be promptly provided. The County will provide

reasonable deadlines for submission of additional information. The private entity may request additional time for the submission of the information subject to the County Administrator's approval. Failure to meet the deadlines may result in rejection of the unsolicited proposal by the County.

5. The County is not liable for any costs incurred by the private entity in preparing, submitting, or presenting the unsolicited proposal.
6. Following the receipt of an unsolicited proposal, the County may opt to engage in a public bidding process and solicit proposals for the same or similar project. Alternatively, the County may elect to proceed without engaging in a public bidding process and proceed to negotiate with the private entity and hold the two duly noticed public hearings and publish the public interest determination in the Florida Administrative Register as required by Florida law.
