

MARTIN COUNTY, FLORIDA DEVELOPMENT REVIEW

STAFF REPORT

A. Application Information

WEST JENSEN PUD PHASE 1B, PARCEL 6.6, PUD FINAL SITE PLAN (A/K/A Mister Car Wash)

Applicant:	Boos Development Group, Inc. (Rachel Myers)
Property Owner:	Jensen Beach Land Development Company Ltd.
Agent for Applicant:	Thomas Engineering Group (Darren T.R. Eyre, P.E.)
County Project Coordinator:	Brian Elam, PMP, Principal Planner
Growth Management Director:	Paul Schilling
Project Number:	W038-108
Record Number:	DEV2023050009
Report Number:	2024_0409_W038-108_DRT_STAFF_FINAL
Application Received:	06/21/2023
Transmitted:	06/22/2023
Date of Report:	12/20/2023
Application Received:	02/07/2024
Transmitted:	02/09/2024
Date of Report:	04/09/2024

This document may be reproduced upon request in an alternative format by contacting the County ADA Coordinator (772) 320-3131, the County Administrator Office (772) 288-5400, Florida Relay 711, or by completing our accessibility feedback form at www.martin.fl.us?accessibility-feedback.

B. Project description and analysis

This is a request by Thomas Engineering Group on behalf of Boos Development Group, Inc. for approval of a proposed PUD Final Site Plan to construct a 5,300 square foot single tunnel car wash and associated infrastructure on approximately 1.77-acres of vacant land. The parcel is located on lot 6.6 of Phase IB of the West Jensen PUD on the west side of NW Federal Highway approximately 500 feet south of NW Goldenrod Road in Jensen Beach. Included is a request for a Certificate of Public Facilities Reservation.

C. Staff recommendation

The specific findings and conclusion of each review agency related to this request are identified in Section F through T of this report. The current review status for each agency is as follows:

Section	Division or Department	Reviewer	Phone	Assessment
F	Comprehensive Plan Review	Brian Elam	772-288-5501	Non-Comply
F	ARDP Review	Samantha Lovelady	772-288-5664	N/A

D. Review Board action

This is an application for a PUD Final Site Plan with a previously approved Master Plan. As such, final action on this request is required to be heard at a public meeting. The public meeting shall be before the Board of County Commissioners (BCC), who will take final action on the request pursuant to Table 10.5.F.9., LDR, Martin County, Florida (2021).

Pursuant to Sections 10.1.E. and 10.2.B.2., Land Development Regulations, Martin County, Fla. (2021), it shall at all times be the applicant's responsibility to demonstrate compliance with the Comprehensive Growth Management Plan (CGMP), Land Development Regulations (LDR) and the Code.

The applicant is required to re-submit materials in response to the non-compliance findings within this report. Upon receipt, the re-submitted materials will be transmitted for review to the appropriate review

agencies and individuals that participate in the County's review process. A revised staff report will be created once the next review cycle has been completed.

E. Location and site information

Parcel number:	183741001000017100
Address:	Not currently assigned
Existing zoning:	PUD-WJ
Future land use:	Commercial General
Nearest major road:	NW Federal Highway
Gross area of site:	1.77 acres
Non-residential gross floor area:	5,300 square feet

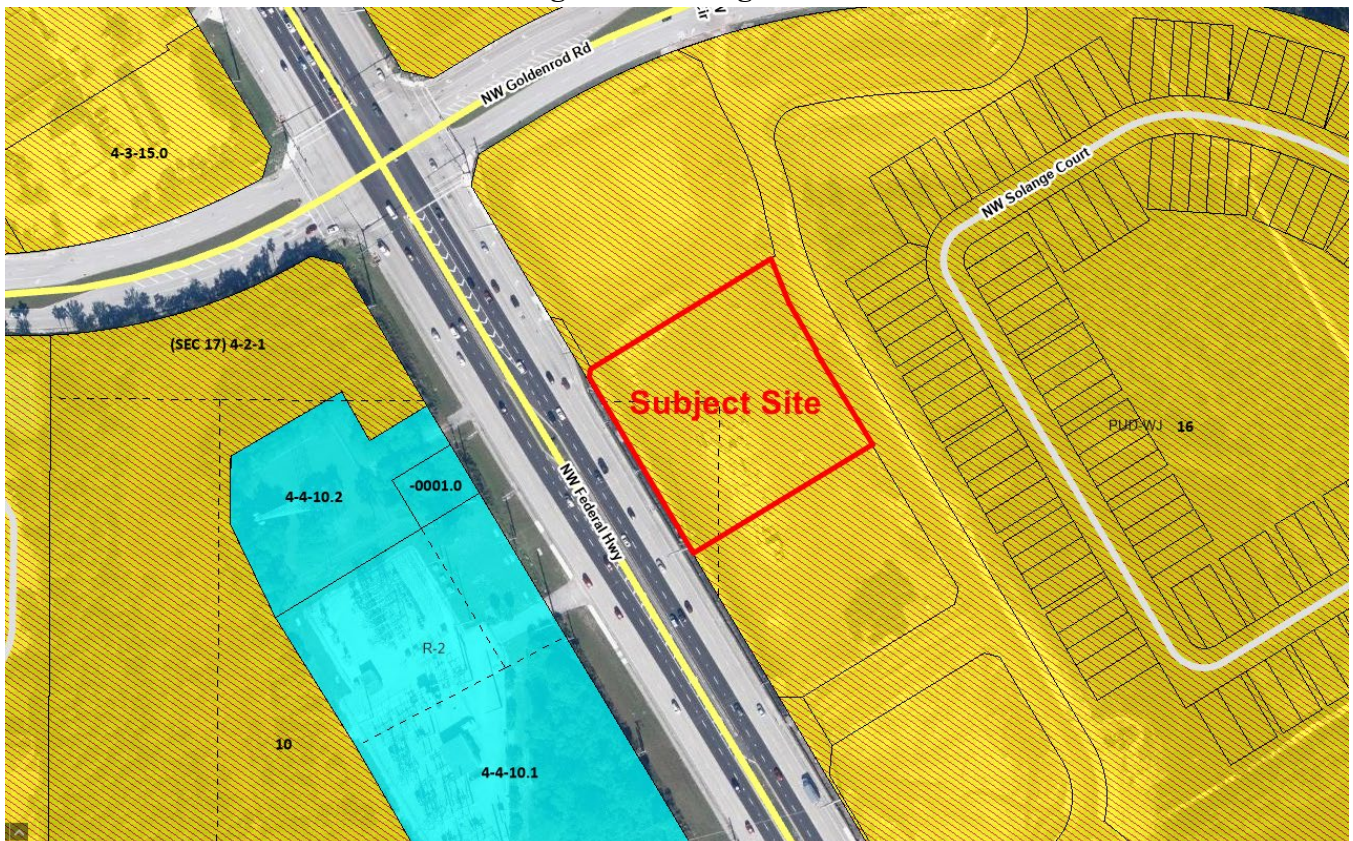

Figure 1: Location Map

Property to the East:	Medium Density	
Property to the North:	Commercial General	
Property to the West:	ROW	NW Federal Highway
Property to the South:	Commercial General	

F. Determination of compliance with Comprehensive Growth Management Plan requirements – Growth Management Department

Unresolved Issues:

Item #1.

GENERIC COMP PLAN COMPLIANCE:

This application cannot be deemed to be in compliance with the Martin County Comprehensive Growth Management Plan (CGMP) until the issues identified in this report have been satisfactorily resolved Martin County, Fla., CGMP, § 1.3.

G. Determination of compliance with land use, site design standards, zoning and procedural requirements – Growth Management Department

Unresolved Issues:

Item #1.

GENERAL

1. Remove clouds from this submittal on any future submittal.

Item #2.

TITLE BLOCK

1. Site plan identifies 3 sheets but is only two sheets.

Item #3.

SITE PLAN DATA

1. Vacuum spaces are not considered parking spaces as these are ancillary to your use. Remove these from the parking data as this is resulting in a misleading ask from you. You're requesting 14 employee spaces, which is 12 more than required and above the $\pm 20\%$ threshold but you're not asking for 44 spaces.
2. Please verify the "PROPOSED" parking setbacks of 15.75' and 10.00'. Provide dimensions on the site plan demonstrating these setbacks.
3. Building coverage maximum is 60%. Update the data table.
4. The commercial setbacks defined in the PUD agreement are Front 10' (facing any public street) 0' facing any private street, Side 0', Rear 10', Building Separation 0'. There is a side setback showing a "Required" 10' in the building setback table. Correct.
5. Remove the "Medium Density" words from the "West Jensen PUD Notes", Note number 3.
6. Provide revision dates on resubmittal plans.

Item #4.

SITE PLAN GRAPHICS

1. Remove floor plan graphics from the site plan.
2. Remove construction detail callouts, underground utilities and cross section references from the site plan. This information may be on the Horizontal Control plan within the construction set if desired by Public Works.
3. Grey out or reduce the line weight of the offsite graphics e.g., roads buildings, parking lots, etc. and clarify the property line so it is clear from where the setback dimensions are being measured.
4. There is text over text such as the 37.38' dimension and the PROP. DRY DETENTION AREA.

Information #1:

LAND CLEARING

No land clearing is authorized prior to the pre-construction meeting for the project. Authorization for clearing to install erosion control devices and preserve barricades will be granted at the pre-construction meeting. No additional land clearing shall commence until a satisfactory inspection of the required

control structures and barricades has been obtained. Authorization for the relocation of gopher tortoises within the development, as provided for by applicable state agency permits may be granted by the Growth Management Department.

H. Determination of compliance with urban design and community redevelopment requirements – Community Redevelopment Department

Commercial Design

Unresolved Issues:

1. There is a material callout “J” on sheets A-2.0 and A-3.0 that is not listed.
2. Provide information for how far the awnings stick out from the walls.

Community Redevelopment Area

N/A - Staff review for compliance requirements associated with this area of regulations is not applicable to this project as currently proposed.

I. Determination of compliance with the property management requirements – Engineering Department

N/A - Staff review for compliance requirements associated with this area of regulations is not applicable to this project as currently proposed.

J. Determination of compliance with environmental and landscaping requirements – Growth Management Department

Environmental

Findings of Compliance:

The Growth Management Department Environmental Division staff has reviewed the application and finds it in compliance with the applicable land development regulations. The environmental assessment submitted by the applicant shows that no wetlands or upland habitat exist on the property and these findings have been verified by county environmental staff. In addition, the wildlife survey shows that no listed species exist on the property. Therefore, the preservation requirements under Article 4, Division 1 and Article 4, Division 2 of the Land Development Regulations do not apply.

Landscaping

Findings of Compliance:

The Growth Management Department staff has reviewed the application and finds it in compliance with the applicable Land Development Regulations regarding landscaping. The applicant has proposed construction of a new carwash facility. The applicant has submitted landscape plans that provide 0.63 acres of landscape area which equates to 36.2% of the 1.75 acres of development area to document compliance with Section 4.663.A.1., Land Development Regulations, Martin County, Fla. (2013). Pursuant to this regulation a minimum of 20% of the total development area shall be landscaped.

Section 4.663.A.3.b. Land Development Regulations, Martin County, Fla. (2013) requires that all nonresidential developments provide at least one tree per 2,500 sq. ft. of site area: a total of 31 trees for this project. To demonstrate compliance the applicant has proposed the planting of at an equivalent of 87 trees for this 76,230 square-foot site.

Section 4.663.A.4.a. Land Development Regulations, Martin County, Fla. (2013) requires that all nonresidential developments provide a ten-foot-wide strip of landscaping around the perimeter of vehicular use areas that includes one tree for every 30 linear feet or one tree for 300 square feet of landscape area. To demonstrate compliance the applicant has proposed the planting of 27 trees for this perimeter of 765 feet.

Section 4.663.A.4.b. Land Development Regulations, Martin County, Fla. (2013) requires that all nonresidential developments provide one 500-square-foot planting area for every 5,000 feet of vehicular use area. 4,057 square feet and 31 trees will be planted for the 40,576 square feet of vehicular use area as additional area within the perimeter of the VUA.

A 30-foot wide native bufferyard required along U.S Highway 1 per the West Jensen PUD Master Plan. This buffer has been provided with 20 trees and associated native understory.

Alterations cannot be made to the plans after final site plan approval. Any alteration may require an application to amend the affected approved plans.

The applicant is cautioned to consider the placement of utilities and any underground or above ground site improvement that could cause a conflict with the landscaping and possibly cause a change or amendment.

As-built landscape plans submitted prior to the release of a certificate of occupancy will be checked against the approved drawings. Inconsistencies may block the issuance of the certificate of occupancy and cause the applicant to begin the application process for a change or an amendment to the development order.

Note: There are 3 Crape Myrtle shown in the northwest corner that are indicated in the middle of a 6' sidewalk. During construction, location of these trees will need to be modified to be relocated east of this sidewalk.

K. Determination of compliance with transportation requirements – Engineering Department

Findings of Compliance:

The Traffic Division of the Public Works Department finds this application in compliance.

Compliance with Adequate Public Facilities Ordinance:

Staff has reviewed the Traffic Statement prepared by Thomas Engineering Group, dated June 2023. Thomas Engineering Group stated that the site's maximum impact was assumed to be 39 directional trips

during the PM peak hour. Staff finds that NE Federal Highway (US-1) is the recipient of a majority of the generated trips. The generalized service capacity of NE Federal Highway (US-1) is 4040. The project impact is 0.57% of the maximum volume of that roadway. NE Federal Highway (US-1) is currently operating at a level of service C; it is anticipated to operate at level of service C at buildout (year 2025).

This application satisfies the Adequate Public Facilities Standard; it has a De Minimis impact (an impact that would not affect more than one percent of the maximum volume at the adopted level of service of the affected road facility) (Article 5, Division 1, Section 5.3).

L. Determination of compliance with county surveyor – Engineering Department

Findings of Compliance:

This project was reviewed by this department as a final site plan and no further review is necessary.

M. Determination of compliance with engineering, storm water and flood management requirements – Engineering Services Division

Unresolved Issues:

Item #1.

DIVISION 9: STORMWATER MANAGEMENT

As previously stated, demonstrate the location and elevation of the required perimeter berm along the western portion of the site. The eventual as-builts will rely on this being clearly demonstrated.

Item #2.

DIVISION 14: PARKING AND LOADING

1. Provide crosswalk striping for crosswalks along access tract.
2. Signed and Sealed Construction Plan.
3. Remove all proposed elevations, stormwater structures, and cross sections from the Final Site Plan.

Informational

DEVELOPMENT ORDER:

Hauling of fill from the site is prohibited. The routes and timing of any fill to be hauled to the site shall be coordinated with the County Engineer. Compliance with all County excavation and fill regulations is required.

N. Determination of compliance with addressing and electronic file submittal requirements – Growth Management and Information Technology Departments

Addressing

Findings of Compliance:

The application has been reviewed for compliance with Division 17, Addressing, of the Martin County Land Development Regulations. Staff finds that the proposed site plan / plat complies with applicable

addressing regulations. All street names are in compliance. They meet all street naming regulations in Article 4, Division 17, Land Development Regulations. Martin County, Fla. (2024).

Electronic File Submittal

Unresolved Issues:

No new AutoCAD dwg file of the site plan was submitted with round 2. You must submit a new AutoCAD dwg file of the site plan with each round of review even if the previous round was a comply.

O. Determination of compliance with utilities requirements – Utilities Department

Water and Wastewater Service

Findings of Compliance:

This development application has been reviewed for compliance with applicable statutes and ordinances and the reviewer finds it in compliance with Martin County's requirements for water and wastewater level of service. [Martin County, Fla., LDR, Article 4, Division 6 and 7, (2016)]

Wellfield and Groundwater Protection

Findings of Compliance:

The application has been reviewed for compliance under the Wellfield Protection Program. The reviewer finds the application in compliance with the Wellfield Protection and Groundwater Protection Ordinances. [Martin County, Fla., LDR, Article 4, Division 5] (2016)

P. Determination of compliance with fire prevention and emergency management requirements – Fire Rescue Department

Fire Prevention

Finding of Compliance

The Fire Prevention Division finds this submittal to be in compliance with the applicable provisions governing construction and life safety standards of the Florida Fire Prevention Code. This occupancy shall comply with all applicable provisions of governing codes whether implied or not in this review, in addition to all previous requirements of prior reviews.

Emergency Management

N/A - Staff review for compliance requirements associated with this area of regulations is not applicable to this project as currently proposed.

Q. Determination of compliance with Americans with Disability Act (ADA) requirements – General Services Department

Unresolved Issues:

1. Provide detailed sidewalk connection plans, including proposed tie-ins with existing sidewalks and additional elevations ensuring that a 2% cross-slope and 5% running slope are not exceeded.
2. As previously requested, revise plans to include proposed elevations for curb ramps providing accessible access to the sidewalk for all proposed ADA spaces.

3. Present a layout for a pedestrian connection, incorporating accessible ADA ramps to the perimeter sidewalk, as previously discussed.

R. Determination of compliance with Martin County Health Department and Martin County School Board

Martin County Health Department

N/A - Staff review for compliance requirements associated with this area of regulations is not applicable to this project as currently proposed.

Martin County School Board

N/A - Staff review for compliance requirements associated with this area of regulations is not applicable to this project as currently proposed.

S. Determination of compliance with legal requirements – County Attorney's Office

Review ongoing.

T. Determination of compliance with adequate public facilities requirements – responsible departments

The following is a summary of the review for compliance with the standards contained in Article 5.32.D of the Adequate Public Facilities, Land Development Regulations (LDR's), Martin County Code for a Certificate of Adequate Public Facilities Reservation.

Potable water facilities (Section 5.32.D.3.a, LDR)

Service provider - Martin County

Findings - positive evaluation

Source – Martin County Utilities

Reference - see Section O of this staff report

Sanitary sewer facilities (Section 5.32.D.3.b, LDR)

Sewer provider - Martin County

Findings - positive evaluation

Source – Martin County Utilities

Reference - see Section O of this staff report

Solid waste facilities (Section 5.32.D.3.c, LDR)

Findings - in place

Source - Growth Management Department

Stormwater management facilities (Section 5.32.D.3.d, LDR)

Findings - pending

Source - Engineering Services Department

Reference - see Section M of this staff report

Community Park facilities (Section 5.32.D.3.e, LDR)

Findings - in place

Source - Growth Management Department

Road facilities (Section 5.32.D.3.f, LDR)

Findings - pending

Source – Engineering Services Department

Reference - see Section M of this staff report

Mass transit facilities (Section 5.32.D.3.g, LDR)

Findings - positive evaluation

Source - Engineering Services Department

Reference - see section L of this staff report

Public safety facilities (Section 5.32.D.3.h, LDR)

Findings - in place

Source - Growth Management Department

Reference - see Section P of this staff report

Public school facilities (Section 5.32.D.3.i, LDR)

Findings - positive evaluation

Source - Growth Management Department

Reference - see Section R of this staff report

A timetable for completion consistent with the valid duration of the development is to be included in the Certificate of Public Facilities Reservation. The development encompassed by Reservation Certificate must be completed within the timetable specified for the type of development.

U. Post-approval requirements

After approval of the development order, the applicant will receive a letter and a Post Approval Requirements List that identifies the documents and fees required. Approval of the development order is conditioned upon the applicant's submittal of all required documents, executed where appropriate, to the Growth Management Department (GMD), including unpaid fees, within sixty (60) days of the final action granting approval.

Please submit all of the following items in a single hard copy packet and in electronic pdf format (on disk or flash drive) with the documents arranged in the order shown in the list below. The 24" x 36" plans should be submitted rolled and in separate sets as itemized below.

Item	Description	Requirement
1.	Response to Post Approval Requirements List	The applicant will submit a response memo addressing the items on the Post Approval Requirements List.
2.	Post Approval Fees	The applicant is required to pay all remaining fees when submitting the post approval packet. If an extension is granted, the fees must be paid within 60 days from the date of the development order. Checks should be made payable to Martin County Board of County Commissioners.
3.	Recording Costs	The applicant is responsible for all recording costs. The Growth Management Department will calculate the recording costs and contact the applicant with the payment amount required. Checks should be made payable to the Martin County Clerk of Court.
4.	Warranty Deed	One (1) copy of the recorded warranty deed if a property title transfer has occurred since the site plan approval. If there has not been a property title transfer since the approval, provide a letter stating that no title transfer has occurred.
5.	Construction Plans	One (1) 24" x 36" copy of the approved construction plans signed and sealed by the Engineer of Record licensed in the State of Florida. Rolled.
6.	Approved PUD Final Site Plan	One (1) copy 24" x 36" of the approved PUD final site plan.
7.	Approved Landscape Plan	One (1) 24" x 36" copy of the approved landscape plan signed and sealed by a landscape architect licensed in the State of Florida.
8.	Approved Elevations	One (1) 24" x 36" copy of the approved elevation drawings signed and sealed by a licensed architect.
9.	Digital Copy of Site Plan	One (1) digital copy of site plan in AutoCAD 2010 – 2014 drawing format (.dwg). The digital version of the site plan must match the hardcopy version as submitted.
10.	Unity of Title	Original and one (1) copy of the current Unity of Title (Check Box #1) in standard County format if a property title transfer has occurred since the site plan approval. If there has not been a property title transfer since the approval, provide a letter stating so that no transfer has occurred.

Item	Description	Requirement
11.	Engineer's Design Certification	Original of the Engineer's Design Certification, on the County format, which is available on the Martin County website, signed and sealed by the Engineer of Record licensed in the State of Florida.
12.	Water & Wastewater Service Agreement	Original and one (1) copy or two (2) copies of the executed and signed Water and Wastewater Service Agreement with Martin County Utilities and one (1) copy of the payment receipt for Capital Facility Charge (CFC) and engineering and recording fees.
13.	Flash/Thumb Drive	One (1) blank flash/ thumb drive for digital file recording.

V. Local, State, and Federal Permits

Approval of the development order is conditioned upon the applicant's submittal of all required applicable Local, State, and Federal Permits to Martin County prior to scheduling the pre-construction meeting.

W. Fees

Public advertising fees for the development order will be determined and billed subsequent to the public hearing. Fees for this application are calculated as follows:

<i>Fee type:</i>	<i>Fee amount:</i>	<i>Fee payment:</i>	<i>Balance:</i>
Application review fees:	\$9,127	\$9,127	\$0.00
Inspection fees:	\$4,000		\$4,000
Advertising fees *:	\$0.00	\$0.00	\$0.00
Recording fees **::	\$0.00	\$0.00	\$0.00
Impact fees***:	\$0.00	\$0.00	\$0.00

* Advertising fees will be determined once the ads have been placed and billed to the County.

** Recording fees will be identified on the post approval checklist.

***Impact fees are required at building permit.
