

## 2025 Legislative Session Weekly Update- Week 7

Week 7 of the 2025 Florida Legislative Session, lawmakers continued advancing key pieces of legislation as the session entered its final stretch. Gov. Ron DeSantis on Friday signed into law four more pieces of legislation that recently passed the Legislature during this year's regular legislative session. Among the bills approved is a measure (HB 421) that expands the definition of "first responder" to include crime scene and evidence support personnel, granting them access to confidential peer support services similar to those provided to traditional first responders like police officers and firefighters. Another proposal (HB 513) given the green light by DeSantis requires clerks of court to electronically transmit ex parte orders for involuntary commitments to law enforcement within six hours. Other legislation (HB 655) creates a regulatory framework for pet insurance oversight, aimed at ensuring consumer protections through marketing regulations by requiring certain disclosures, among other things. The fourth bill (HB 1313) approved late last week re-creates the Resilient Florida Trust Fund in the Department of Environmental Protection and repeals its scheduled termination. Three of the new laws are slated to take effect on July 1, while HB 655 will take effect Jan. 1, 2026. The governor already signed legislation earlier this month to carry out President Donald Trump's order to change the name of the Gulf of Mexico to the Gulf of America, including, HB 575, which requires that all official state documents and maps use the Gulf of America name, and HB 549, which requires school boards to make the name change for the gulf when they next update their instructional materials. Both new laws are scheduled to take effect on July 1.

HB 4007 is on the House special order calendar on Thursday, April 24<sup>th</sup> at 1:00pm. One step closer to final passage of this critical legislation!

### **HB 4007 - Compensation for Health Care Services for Inmates in Martin County**

The bill limits the compensation of health care providers who provide medical services for inmates housed in a Martin County detention center to 110 percent of the Medicare allowable rate if the provider does not have a contract with Martin County to provide medical services to inmates, unless the provider reported a negative operating margin for the previous year to the Agency for Health Care Administration, in which case the bill limits compensation to 125% of the Medicare allowable rate. The bill also limits compensation to entities providing emergency medical transportation services for an inmate housed in a Martin County detention center to 110% of the Medicare allowable rate if the entity does not have a contract with Martin County to provide emergency medical transportation services.
