

Statement of Accessibility

July 16, 2024

Martin County continues its commitment to providing a website accessible to the largest possible audience, regardless of technology or ability. In order to further this commitment, Martin County staff contracted an independent third-party (Promet Source) for an accessibility audit and review according to [Web Content Accessibility Guidelines \(WCAG\) 2.1 Level AA](#).

On July 16, 2024, Promet Source will begin a manual review of the Martin County website and digital properties, consisting of the following pages:

- <https://www.martin.fl.us/>

Additionally, on July 16, 2024, Promet Source will begin its automated review of the Martin County website and its digital properties contained therein. The automated review will provide a comprehensive list of any compliance issues in addition to warnings. The properties involved will be provided as a sitemap (available upon request). The automated review will provide a comprehensive list of any compliance issues in addition to warnings.

Once Promet Source has concluded its accessibility audit, it will provide the results to Martin County. Martin County is actively working to increase the accessibility and usability of the website and in doing so adheres to many of the available standards and guidelines.

Martin County does not discriminate in its education and employment programs on the basis of religion, age, race, color, national origin, gender, marital or parental status, or disability and complies with Title VI of the Civil Rights Act of 1964, Title IX Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act (ADA) of 1990.

In order to further our commitment to nondiscrimination, we are continuing to work on the website in order to ensure the site conforms to Level A and AA World Wide Web Consortium (W3C) Web Content Accessibility Guidelines (WCAG) 2.1. Such guidelines detail best practices for ensuring assistive technology users can access the site. The guidelines also make the site more user-friendly for all people.
