

MARTIN COUNTY FIRE RESCUE

Fire Prevention
800 SE Monterey Road
Stuart, FL 34994
772 288-5633

SIMPLIFIED PERMITTING PROCESS FOR FIRE ALARMS PER FLORIDA STATUTE 553.7932 20 DEVICES OR FEWER - CHECKLIST

Permit Review Steps:

- **Fire** - Plans reviewed at job site during Fire Final Inspection

Information for Permit:

- This permit is only for an alteration of a total of 20 or fewer initiating devices and notification devices, the installation or replacement of a fire communicator connected to an existing fire alarm control panel in an existing commercial, residential, apartment, cooperative, or condominium building, or the replacement of an existing fire alarm panel using the same make and model as the existing panel.
- While submittal of plans or specifications are not required as a condition of obtaining a permit for a fire alarm system project that meets the parameters of FSS 553.7932(2)(c), FSS 553.7932(5) requires a contractor to keep a copy of the plans and specifications, along with the permit, at the fire alarm system project worksite and make such plans and specification available to the inspector at each inspection.
- An inspection will be provided within three (3) business days after such inspection is requested.
- Once the Fire Inspector has approved the plans at the job site, you shall upload the stamped drawings and supporting documents into Accela to close/complete the permit.

Please Note:

- If a fire alarm project does not meet the parameters of FSS 553.7932, a regular Fire Alarm System permit will be required.
