Phipps Park, located along the Okeechobee Waterway, is a 55-acre conservation and campground area. The campground is near the Florida Turnpike and is easily accessible via Interstate 95. The Park's close proximity to the St. Lucie locks provides fishermen with an opportunity to enjoy fresh and/or saltwater fishing. Campers also appreciate the water-front view that many of our sites provide. We would like to welcome our guests and hope you have an enjoyable visit.
