**Questions?  
Call Laura at 288-5677.**

*After*

# St. Lucie Shores Stormwater Quality Retrofit

## Project Purposes

- Provides stormwater quality treatment to 286-acre All American Ditch watershed
- Provides 3.9-acre Lake & 5.6-acre Stormwater Treatment Area (STA) in park-like amenity for regional neighborhoods
- Reduces historical street & structural flooding, and improves stormwater conveyance
- Improves timing of freshwater discharges to the South Fork of the St. Lucie River
- Exotic removal from 18-acre upland habitat
- Helps Martin County comply with State water quality standards

## Project Team:

- **Engineering Administration:** Don Donaldson, Terry Rauth, Lisa Wichser, Pam Knott & Denise Weber
- **Ecosystem Restoration and Management Division:** Deborah Drum, Greg Nolte, Dianne Hughes, Mike Yustin, Jay Mann, Zach Hughes, Bob Harris, Pati Higginbotham & Ellen MacArthur
