**Movie | Mr. Turner**

**Tuesday, February 9 | 2pm**
Jane Miller presents 33 paintings on the big screen with commentary on the life and work of the great English artist J.M.W. Turner. Following her presentation is the movie documentary which introduces the film Mr. Turner (showing on February 18). This documentary is "must-see" before coming to the movie Mr. Turner because director Mike Leigh takes us behind the scenes and brilliantly explains the art world of London during Turner's era. Actor Timothy Spall creates the very complex character of Turner. (3hr)

**Movie | Mr. Turner**

**Tuesday, February 9 | 2pm**
Spanning the last 25 years in the life of Britain's most revered painter, this film is a remarkably rich portrait of a complex, contradictory man whose relationships with his family, fellow artists and lovers were often as turbulent as the canvases he painted. The film received 4 Academy Award nominations. Timothy Spall won Best Actor Award at Cannes Film Festival for his portrayal of the artist Turner. Critics agree that this movie is another masterpiece from director Mike Leigh.

Macaroni Kids Book Review

This book has a young reader’s version that would be perfect for additional information. Last February, I Survived the Hindenburg Disaster could be perfectly paired with a book from the popular, nonfiction What Was? series. There are endless possibilities and any of the Martin County Libraries can help find titles to keep the fire to read burning after the I Survived series has been devoured.

**Events @ Multiple Locations**

**Paws To Read**

**Thursday, February 4||11||18||25 | 6:15-6:45pm & 7-7:30pm**
In Partnership with MCLS, Educators for the Humane Society of the Treasure Coast, Inc., in partnership with MCLS. The primary goal of this program encourages parents/caregivers to play with their child in a fun, educational setting. A local education professional is available at each session to discuss parenting topics. After an hour of playtime, gather for a short circle time with Miss Lisa, our Family Place coordinator, and sing your child’s favorite songs.

**Bake**

**Thursdays, February 4||11||18||25 | 6-7:30pm & 7-7:30pm**
Readers of the I Survived series are not only enjoying a riveting story but are also setting themselves on a path to further exploration of past events. Though the series doesn’t have its own brand of nonfiction companions, like The Magic Tree House books, there are countless books out there that can be paired with each I Survived book for even more discovery. I Survived the Shark Attacks of 1916, which tells the terrifying story of the shark that took place in New Jersey 100 years ago, was inspired by a book called Close to Shore by Michael Capellaro. This program encourages parents to read a version that would be perfect for additional information. Last February, I Survived the Great Chicago Fire, 1871 was released. Jim Murphy, a prolific author of interesting children’s history books, wrote a book called The Great Fire that is a fitting companion to that I Survived title. Many of the I Survived titles such as the forthcoming I Survived the Hindenburg Disaster could be perfectly paired with a book from the popular, nonfiction What Was? series. There are endless possibilities and any of the Martin County Libraries can help find titles to keep the fire to read burning after the I Survived series has been devoured.
